*East Lyme Public Schools will inspire, engage and educate each student to become a contributing citizen and a responsible, independent, and critical thinker.*

January 3, 2017

East Lyme Public Schools  
165 Boston Post Road  
East Lyme, CT 06357

Dear Parents and Staff:

The administration of the East Lyme Public Schools would like to provide you with the notification that follow-up radon-in-air testing will be conducted between January 9, 2017 and January 13, 2017. According to Connecticut General Statute 10-220(d), schools are required to inspect and evaluate the indoor air quality of school buildings. This required inspection and reevaluation of indoor air quality includes evaluation of radon every five years.

Mystic Air Quality Consultants, Inc. will conduct the follow-up radon in air testing. Small canisters containing charcoal will be placed in ten percent of the previously sampled areas, in addition to any area identified as being above 4.0 pci/L. These rooms should maintain closed exterior windows for the duration of the sampling period. The radon canisters will be left in place for roughly 3 school days. You will be informed of the radon test results and the interpretations as soon as possible. In the event that high radon levels are found, steps will be taken to correct the problem using methods suggested by the United States Environmental Protection Agency.

If you have further questions or concerns regarding radon, please feel free to contact the **Ledge Light Health District** at (860)-448-4882, or the State of Connecticut Department of Public Health Radon Program at (860) 509-7367.

Thank you, in advance, for your cooperation.

Sincerely,

Jeffrey R. Newton  
Superintendent of Schools
