MINUTES

I. Discussion Items

A. Academics

1. Bus Transportation Policy Review

The Current Bus Transportation Policy was reviewed, discussed and recommendations have been made to include the following:

All K-4 Students will have a parent; guardian and or designated person to retrieve children at the bus stop drop off. No K-4 student will be left at a bus stop without the designated person to receive them. If there is not designated person that child will be brought back to their school. Training as well as the reporting process (creating a documenting process) was discussed and it is recommended that the ELBOE will receive an update from the Contracted Bus Company on a quarterly basis.

We are sending recommendations to the Policy Committee for review and update also to include any Fed / State standards if needed. Updated vocabulary and or elimination of vocabulary that no longer speaks to the structure of our procedures ... (Morning and Afternoon K is no longer needed). Once Policy has reviewed and revise it will return to AAA for review then brought to the full Board for review, discussion & vote.
