and Growth Management*

June 30, 2020

Dear Parents/Guardians,

As you might have heard yesterday, the State of Connecticut released a comprehensive school [Reopening Plan](#) for the 2020-2021 school year. There are many requirements and guidance protocols that pertain to the reopening of our Connecticut schools. We are in the process of reviewing and working through these reopening requirements and planning is underway as we prepare to fully open our buildings to all students in late August.

The [Reopening Slides](#) will provide you with a brief overview of the requirements that were recently released from the State of Connecticut. Please feel free to review these to obtain a sense of the operational considerations that the State has put in place.

I encourage parents to frequently visit the [ELPS website](#) for up-to-date and accurate information moving forward throughout the summer. Our priority is to keep everyone informed regarding preparations for a safe reopening of schools.

Thank you for your continued support as we maneuver through the planning and work that lies ahead. As mentioned, we will continue to keep everyone informed regarding requirements, plans and progress.

Sincerely,

Jeffrey R. Newton  
Superintendent of Schools
