Informal Information Discussion Regarding the Elementary Building Projects

Continued informational discussion to develop further input about the BOE recommended elementary schools building projects and related costs.

The group further discussed the implication of a tax burden incurred with the school projects and discussed the various scenarios for which school could be renovated first.

Board of Education Chair Dr. Timothy Hagen and Superintendent Jeffrey Newton brought up the issue of having swing space with Niantic Center School and using that building to potentially move children to during a renovation.

The group did a first review of a revised project plan draft proposal which will be reviewed and discussed further at the next meeting.

Meeting adjourned at 5:35 p.m.

Respectfully Submitted,

Dr. Timothy Hagen
