Dear ELHS families --

I hope this finds you as well and enjoying the spring as much as you can while navigating the new normal. I am sending this to remind you of some of our library resources and how the library staff can help you.

These resources have not changed: If you access the library home page -

you will see in the left column our databases and other helpful research links. Passwords are embedded in the text below; at school they auto fill but at home you will have to enter manually. You will also see Destiny Discover which is our collection. Some ebooks and audiobooks are among the holdings. Students have the same access to digital materials as they always have.

Additionally, there is a link to free audiobooks, ebooks, and literary podcasts from a variety of sources. Another new box includes links to helpful information concerning COVID 19, and I’ve just added scholarship information as well. Expect more content to be updated as time goes by. Please let me know of any resources you may need or would appreciate access to on the webpage.

If/when I can offer anything specific to help you, your class, or your family, don’t hesitate to ask. My office hours are Tuesday and Thursday 8-9:30 and 12-1:30, and I will always respond as quickly as I can. We are all doing this together! Let me know what you need and I will find a way to find a way.

Be well.
