

Summer Books & Puzzles That Kids Love!

Use these links to continue summer learning.

Start with a Book

Reading supports learning and enjoyment. As you head into the summer, these free sites (click on above and below) aim to continue fostering your children's literacy skills with engaging texts and games for them to choose.

Math Challenge

All students are encouraged to participate in the 2020 Greg Tang Summer Math Challenge (click on the above graphic) beginning June 19. The program is FREE and is designed to help students maintain math skills through the summer.
